Mohamed Seddik Ben Yahia University – Jijel

Faculty of Law and Political Science

Legal and political transformations laboratory

In collaboration with Judicial Council Jijel

Organizes National Conference on:

The Justice and Artificial intelligence sector

10-11 December 2025

Forum Preamble

In light of the accelerated development of artificial intelligence technologies and its increasing impact on various sectors, and the racing against technology the world to take advantage of its advanced advantages and techniques in managing and performing various activities in all fields, artificial intelligence has become directly affecting legal practices, as it provides innovative means to enhance efficiency and accuracy in procedures and improve access to legal services, which directly serves the justice sector, as it helps to accelerate The perception of judicial work, and even some international experiences have reached the abolition of the human element and the full dependence on the automatic algorithms to adjudicate some of the issues before justice.

It is expected to use artificial intelligence in the justice sector to make a fundamental shift for the better in its performance, but this endeavor requires taking into account the legal, moral, social and economic challenges accompanying this transformation, and providing a forward -looking vision for the future of this sector in light of these developments

The problem of the forum:

The problem of the forum is related to how to align the use of artificial intelligence in the justice sector with the requirements of judicial work in terms of legal, moral and economic aspects?

Forum goals

* Analysis of the uses of artificial intelligence in analyzing data, extracting evidence and directing administrative and judicial procedures
* Research in the ways to align artificial intelligence techniques with legal and moral requirements for judicial work.
* Research in effective solutions to overcome the negatives of artificial intelligence in the justice sector.
* Research in the expected change in the course of legal and judicial professions due to the use of artificial intelligence and potential challenges.
* Study the prospects for developing artificial intelligence in the field of trial.

Forum axes:

The first axis: artificial intelligence applications in various areas of justice

- Artificial intelligence and law enforcement.
- Artificial intelligence and judicial procedures.
- Artificial intelligence and evidence.
- Artificial intelligence and decision -making.
- Artificial intelligence in the field of reform and reintegration.

The second axis: the legal and moral challenges of artificial intelligence in the justice sector

- Legal responsibility for the actions of artificial intelligence systems.
- Transparency and integrity
- Data protection and privacy.
- Combating bias and discrimination.

- The independence of the judiciary and the authority of the law.
- The ethical dimensions of the use of artificial intelligence in justice.

The third axis: the social and economic dimensions of artificial intelligence in the justice sector

- Artificial intelligence and legal and judicial professions (law, judiciary, implementation, documentation).
- The possibility of access to justice and the cost of legal procedures.
- Promote public confidence in the justice system.
- Enhancing transparency and accountability in the justice sector.

Fourth axis: future experiences and visions to apply artificial intelligence in justice

- Some of the leading international experiences in the use of artificial intelligence in the justice sector.
- Caustic visions about the future of the justice sector in light of the rapid developments of artificial intelligence.

Forum Bodies

Honorary Director of the Conference:

- Prof. Nourredine Ben Ali Cherif, Rector of Jijel University

Honorary President of the Conference:

- Prof. Bouibia Nabil, Dean of the Faculty of Law and Political Science

Prof. President of the Conference:

Dr. Azzouzi Abdelmalek

President of the Scientific Committee:

Dr. Beljoudi Ahlam

President of the Organizing Committee:

Dr. Warda Bouguettoucha

Members of the scientific committee of the Forum

Prof .Dr Grimes AbdelHak Professor **University of Jijel**
Prof. Dr. Samar Nasreddine Professor **University of Jijel**
Prof .Dr Irzile El Kahina Professor **University of tizi ouzo**
Dr. Sassane rachid professor **University of Annaba**
Prof. Boulifa Mohamed Omran Professor **University of Ouargla**
Prof .Dr .Mouka Abdelkrim Professor **University of Jijel**
Dr.Boulkhodra Nora Lecturer (A) **University of Jijel**
Dr. Slimani Essaid Lecturer (A) **University of Jijel**
Dr.Boularaoui Sadek Lecturer (A) **University of Jijel**
Dr. Necheneche Mounia Lecteurer (A))**University of Jijel**
Dr. Abdallah Lynda Lecturer (A) **University of Jijel**
Dr. Belhireche Samir Lecturer (A) **University of Jijel**
Dr. Belmihoub Abdenasser Lecturer (A)**University of tizi ouzo**
Dr. Bouketta Fatima Zohra Lecturer (A) **University of Jijel**
Dr. Atmani Bilal Lecturer (A) **University of Béjiai**

Members of the Organizational committee of the Forum

Dr. Bouguessa Imene Lecturer (B) ; **University of Jijel**
Dr. Abdelkrim Loubna Lecturer (B) ; **University of Jijel**
Dr. Guerdouh Linda Lecturer (B) ; **University of Jijel**
Dr. Boughalem Youcef Lecturer (B) ; **University of Jijel**
Dr. Bouakaz Saida Lecturer (B) ; **University of Jijel**
Dr. Matmati Rawiya Lecturer (B) ; **University of Jijel**
A. Bouchnak Zineb assistant professor B **University of Jijel**

Conditions of participation

- Research is written in Arabic or English.
- The entire intervention is sent in the range of 10 to 15 pages before the date of the deadline
- Do not accept bilateral posts.
- The research or the working paper is related to one of the axes of the forum or in part of the parts of one of the axes.
- The research or work paper is characterized by originality and grandmother, and to fulfill the accepted scientific research rules.
- The research has not been previously published, or presented in previous conferences or activities, or before publishing in scientific journals.
- The research is written in Arabic in the sakkalmajalla line and the size of (14), leaving a distance of 2.5 cm page margins for the four parties. And a distance 01 between the lines. The margins are written in 12. As for English, the research is written in Times New Roman line with a size of 12 and the margin in 10.

Dates are destination and communication

1.The deadline for receiving the intervention:

01/12/2025

2. Responding to acceptable interventions:

06/12/2025

The interventions are sent via **e -mail** to the Forum:

justiceintelligencejijel@gmail.com
